Total Credits:							6.5 (1 lab class)	

Directions for students: **Students must schedule 7 periods for both semesters.**

1) Enter the course number **and** course name in the applicable column. Full year courses are shown with down arrows (same period for the entire year).

Note 1: If you have fulfilled the 3 credit math graduation requirement and do NOT plan to take a math course choose 1 (1 credit) elective or 2 (0.5 credit) electives.

Note 2: If you have fulfilled the 1.5 credit physical education AND the 0.5 credit wellness graduation credit select and do NOT plan to take a PE course choose 1 (1 credit) elective or 2 (0.5 credit) electives.

Note 3: Biology, chemistry and physics courses with a lab will take up 1.5 periods in your schedule. **See sample schedule above.**

If you are doubling in science courses that have labs, science will take up 3 periods in your schedule. Put the labs in! See sample above.

If you have fulfilled the 3 credit science graduation requirement and do NOT plan to take a science course choose 1 (1 credit) elective or 2 (0.5 credit) electives.

Note 4: Online courses and contract PE do not count towards your 7 periods and should be entered in the last column.

2) Identify at least one alternate for each Elective course as shown in the example. This student will select child development as an alternate to intro to art 3D.

Special Considerations

- Vocational-Technical Education Students: See Ms. Mellon or Mr. Stanzak **PRIOR to February 13, 2017** for schedule review.
- Learning Support Students: See your caseload teacher **PRIOR to February 13, 2017** for schedule review.
- Senior internships or CAAP programs: Enter this selection in the last column. You must still schedule for 7 periods. (Schedules will be adjusted if accepted to the program.)
